Separately Howard Roffman and I received identical letters from Mexico City with an enclosed copy of a letter supposedly signed by Oswald to a Mr. Hunt, dated 11/8/63. I don't recall where I filed my copy and the letter I wrote the anonymous Sr. P.S. I have filed Howard's under S, Sr. P. I have carbons of a memo under Oswald, false, Mexico; and in the Hunt Watergate file at the back, under Mexican Connection (which when set up had a different meaning.)
